

*Gas Exporting Countries Forum:  
it's Role in the Global Energy Dialogue*

*3<sup>rd</sup> INTERNATIONAL CONGRESS, BOLIVIA GAS &*

*ENERGY 2010*

*19<sup>th</sup> August 2010*

# Establishment of the Forum

- ✦ *GECF - International Intergovernmental Organization, originally established as a Forum at the Meeting in Tehran, Iran, on May 19, 2001;*
- ✦ *At the Meeting in Moscow, the Russian Federation, on December 23, 2008, Agreement on the functioning of GECF was signed;*
- ✦ *On December 9, 2009 Agreement between the State of Qatar and the GECF was signed regarding the Headquarters of the GECF .*

# Member Countries

*Algeria*

*Bolivia*

*Egypt*

*Equatorial Guinea*

*Iran*

*Libya*

*Nigeria*

*Qatar*

*Russia*

*Trinidad and Tobago*

*Venezuela*

# Objectives

- Develop and implement necessary steps to guarantee that Member-Countries derive the most value from their gas resources, as gas is a non-renewable source of energy;*
- Protect the sovereign rights of Member-Countries over their natural gas reserves as well provide for their sustainable and ecologically friendly development;*
- Exploit and preserve natural gas reserves to the benefit of the nations.*

# *GECF Organisation Structure*

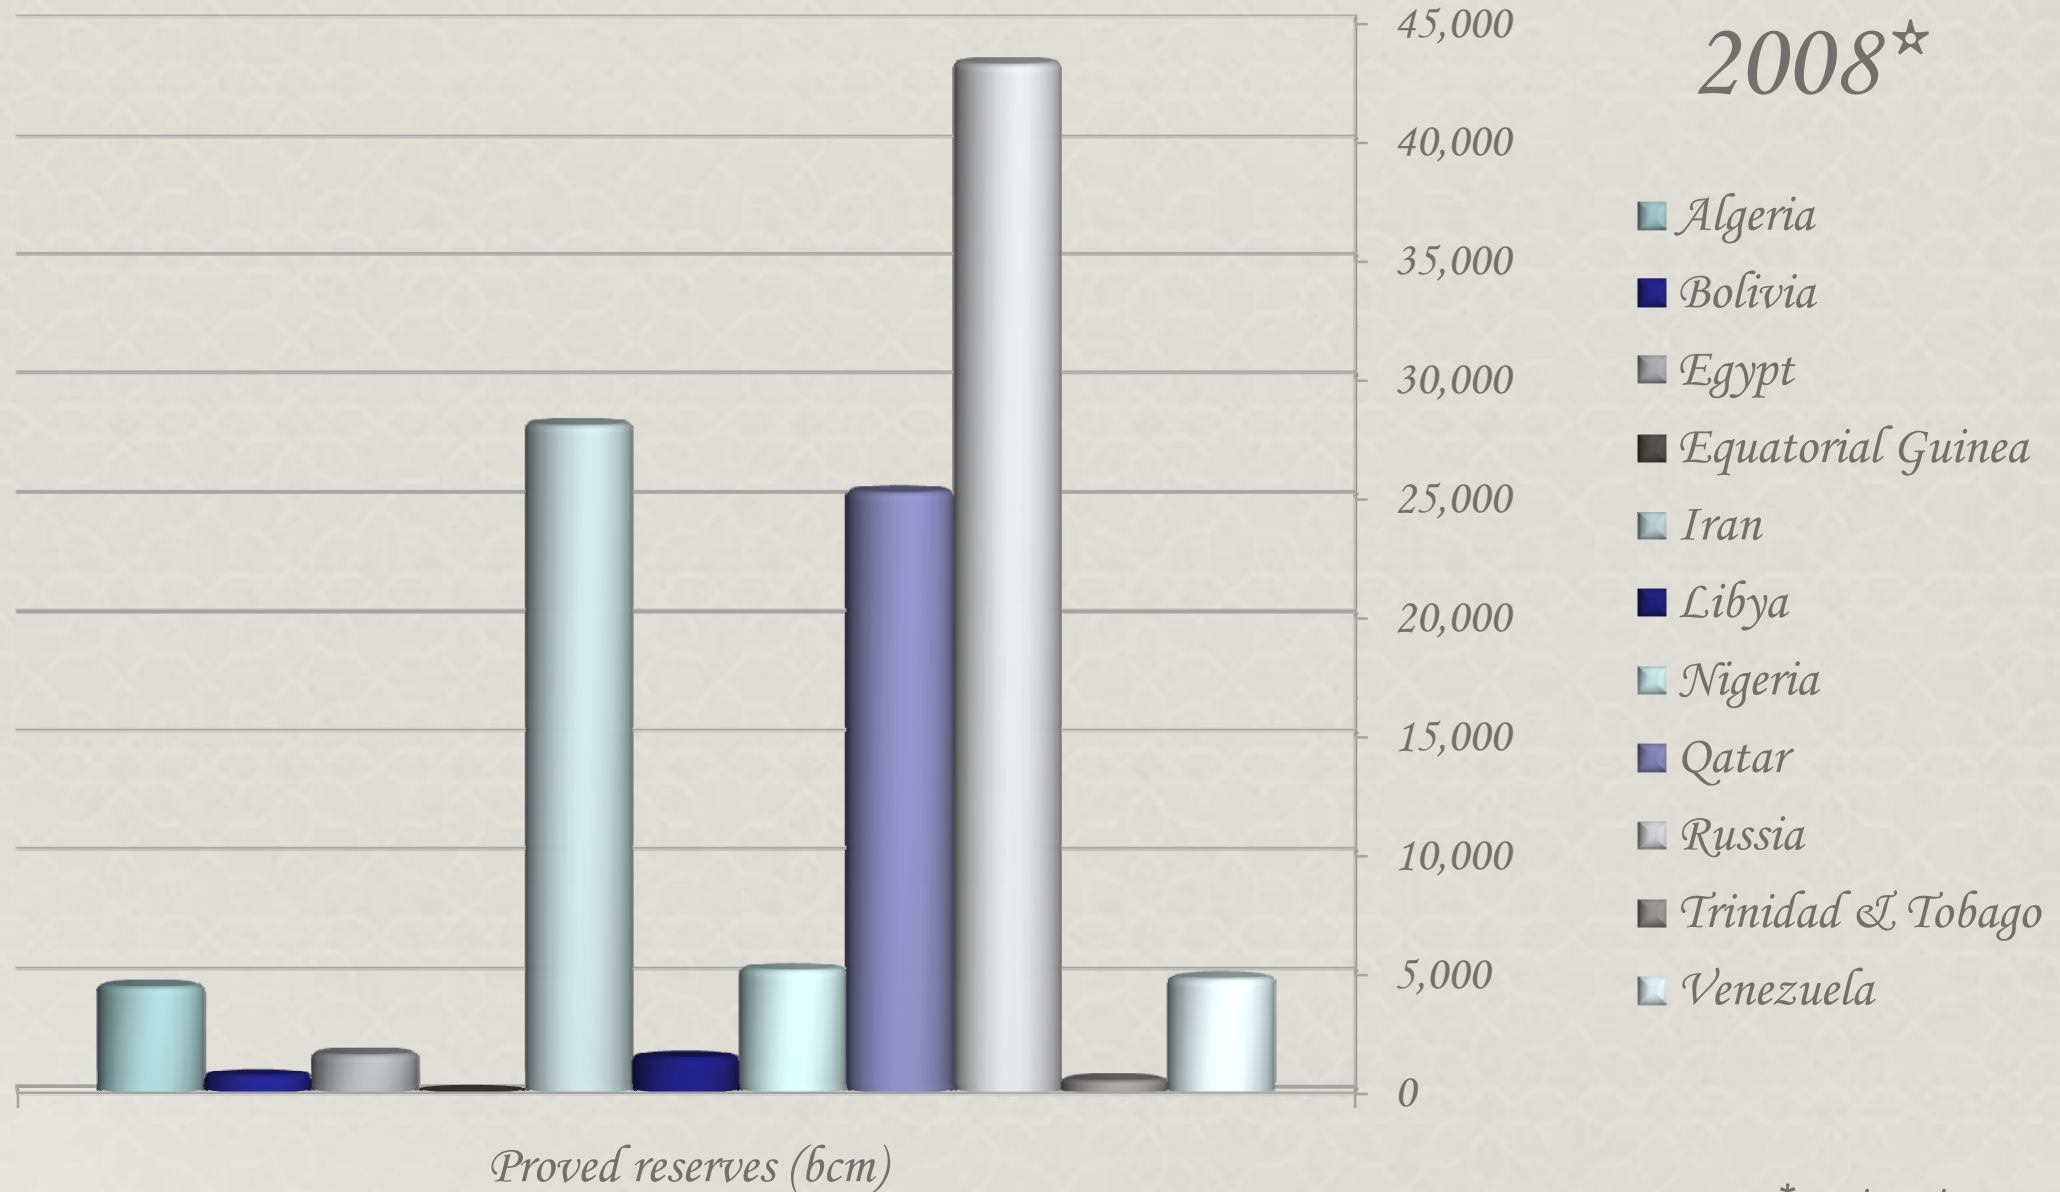

*Ministerial Meeting*  
*President*

*Executive Board*  
*Chairman*

*Secretariat*  
*Secretary General*

# GECF Gas Reserves

# *Medium-term objectives*

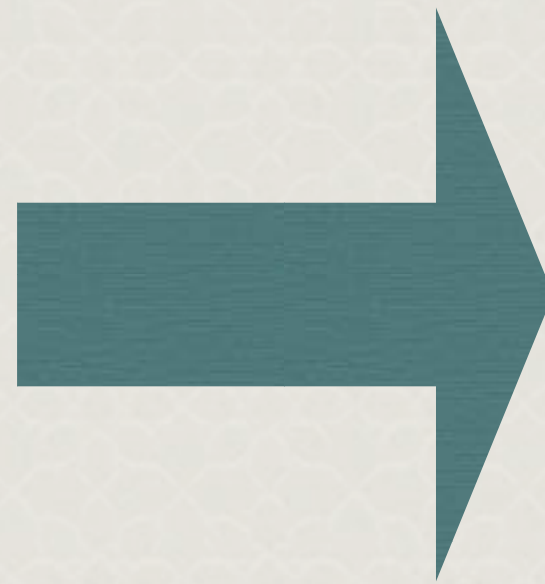

- ◆ Research launch*
- ◆ Gas Market Model development & installation*
- ◆ Development of the GECF long-term strategy*

# *Initiatives Proposed by Secretaria*

*Advocates for Gas*

*Gas Data Reporting Mechanism*

*World Gas Institute*

*Global Gas  
Initiative*

# *Advocacy of the Gas Industry*

---

*Global Gas Promotion Campaign supported at the highest political level, taking in account benefits of gas:*

- ✦ Cleanest fossil fuel*
- ✦ Advanced and easily transferable technology*
- ✦ Affordable – no large subsidies required*

# Data Exchange

Establish close cooperation with international energy organizations to work jointly on gas data reporting mechanisms

Launch reliable gas database

Publish data on monthly basis

# *World Gas Institute*

*Independent research facility, non – profit organization*

*Gas market data collection and analysis;*

*Development of forecasts based on the Gas Market Model;*

*Economics of gas and its interrelations with other energies;*

*Economics and politics of the environment in its relationship with energy;*

*Analysis of technologies and their impact on gas markets.*

# *1st G'EC'F Gas Summit*

## *objectives*

- ✦ Increasing confidence of the consumers in the security of supply by demonstrating reliability of economical and technological mechanisms of gas supply;*
- ✦ Highlighting an increasing and essential role of gas in enhancing energy security and mitigating climate change*
- ✦ Promoting a more focused producer–consumer energy dialogue at the highest political level, based on the greater degree of trust and openness*
- ✦ Attracting investments in the Global Economic Recovery period*

*Muchas Gracias!*
